

# Welcome!

Welcome to the Sonoran Arts League—we're glad to have you with us.

Your membership supports art education and creative access throughout our community. It helps sustain programs for youth and Veterans, provide scholarships for students pursuing creative futures, and make signature events like Hidden In The Hills possible—connecting artists and the public through learning, discovery, and shared experience.

As a member, you have opportunities to engage more deeply with the League and the arts community. Members may attend exhibitions and events, serve on committees, volunteer alongside fellow supporters, contribute to special initiatives, or simply stay informed and connected to the work being done. However you choose to participate, your membership offers meaningful ways to be part of a thriving creative ecosystem.

At its core, the Sonoran Arts League exists to **Inspire a Life of Art**—and we're grateful to have you as part of that vision.

Cheers,

Nick Mancusi aia iaa  
President, Sonoran Arts League
